## **DETAILED ACTION**

### ***Reasons For Allowance***

1. The following is an examiner's statement of reasons for allowance:
  - The primary reason for allowance of claims 1, 19, and 38 is due to the addition of allowable subject matter of claims 2, 20, and 39 into independent form. The added limitation states "each of the structures, apart from the printhead, are generally planar with openings to the passages on opposing sides, wherein the openings in the side of one of the structures are elongated, and the openings in the abutting side of the adjacent structure are also elongated; such that, the long dimension of the elongated openings in one side is angled relative to the long dimension of the openings of the abutting side."
  - The reason for allowance for claims 3-18, 21-37, and 40-54 is due to their dependency on claims 1, 19, and 38 which are deemed allowable of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
